The Honorable Tom Cole, Chairman
House Appropriations Committee

The Honorable Rosa DeLauro, Ranking Member
House Appropriations Committee

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Farallon Islands Water System Upgrade in fiscal year 2025. The entity to receive funding for this project is Point Blue Conservation Science, located at 3820 Cypress Drive, Suite 11, Petaluma, CA 94954. The funding would be used to upgrade the water system including a rainwater catchment pad, a settling tank, a large cistern, and several pumps and filtration systems. The project is an appropriate use of taxpayer funds because the island's minimal human infrastructure is vital for ongoing research and stewardship.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in the Coastal Zone Management Act of 1972 (16 U.S.C. § 1451 et seq.).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

best regards,

NANCY PELOSI
