The Honorable Tom Cole, Chairman
House Appropriations Committee

The Honorable Rosa DeLauro, Ranking Member
House Appropriations Committee

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for UCSF High-Performance Compute Core Center in fiscal year 2025. The entity to receive funding for this project is the University of California San Francisco (UCSF), located at 1625 Owens Street, Suite 205, San Francisco, CA 94158. The funding would be used to invest in High-Performance Computing (HPC) to provide our researchers with compute capacity crucial for running Artificial Intelligence (AI) workloads involving high-intensity algorithms and large datasets. The project is an appropriate use of taxpayer funds because it would provide researchers with the computational power necessary to tackle complex problems and drive innovation.

The project has a Federal nexus because the funding provided is consistent with purposes described in section 272 of title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

best regards,

NANCY PELOSI
Speaker Emerita
