RE: Support for the San Francisco Bay Area Rapid Transit District's Station LED Lighting Program

Dear Speaker Emerita Pelosi:

I write to you in support of the San Francisco Bay Area Rapid Transit District's (BART) Fiscal Year 2026 Community Project Funding request for \$3,000,000 to support the District's Station LED Lighting Program.

BART continues to embark on projects to modernize its stations and other half-century-old infrastructure. This funding would allow BART to install more efficient light-emitting diode (LED) lighting at six stations within your district: Embarcadero, Montgomery, Civic Center/UN Plaza, 16th Street/Mission, 19th Street/Mission, and Glen Park. All these stations are also location within Senate District 11. By upgrading lighting in stations and parking garages to LEDs, BART is saving money on energy and maintenance costs while providing brighter and more reliable lighting for increased safety and visibility. Once completed, this program is anticipated to reduce energy use from station lighting by 50%.

I appreciate your consideration of this request. Should you have any questions about my support, please contact my office at 415.557.1300.

Sincerely,

A handwritten signature in blue ink that reads "Scott Wiener".

**RE: Support for the San Francisco Bay Area Rapid Transit District's Station LED Lighting Program**

Dear Speaker Emerita Pelosi:

I write to you in support of the San Francisco Bay Area Rapid Transit District's (BART) Fiscal Year 2026 Community Project Funding request for \$3,000,000 to support the District's Station LED Lighting Program.

BART continues to embark on projects to modernize its stations and other half-century-old infrastructure. This funding would allow BART to install more efficient light-emitting diode (LED) lighting at six stations in your district: Embarcadero, Montgomery, Civic Center/UN Plaza, 16<sup>th</sup> Street/Mission, 24<sup>th</sup> Street/Mission, and Glen Park. All these stations are located within Assembly District 17.

By upgrading lighting in stations and parking garages to LEDs, BART is saving money on energy and maintenance costs while providing brighter and more reliable lighting for increased safety and visibility. Once completed, this program is anticipated to reduce energy use from station lighting by 50%.

I appreciate your consideration of this request. Should you have any questions about my support, please contact my District Director, MacKenzie Ewing.

Sincerely,

A handwritten signature in blue ink, appearing to read 'MA HAN' with a stylized flourish at the end.

**Assemblymember Matt Haney**

Assemblymember, 17<sup>th</sup> District
