Re: Support for Life Learning Academy's (LLA's) FY 2027 Community Project Funding Request

Dear Speaker Emerita Pelosi,

I write in support of Life Learning Academy's (LLA's) campus-wide rehabilitation project on Treasure Island.

Life Learning Academy (LLA) is a public charter high school on Treasure Island. The organization has been serving youth in San Francisco for the past 28 years. LLA offers a comprehensive range of services—ranging from academics to workforce development—to support youth facing housing instability and school disengagement. This organization has helped address youth homelessness, truancy, and the mental health crisis for nearly three decades.

LLA's comprehensive model is an example of a creative and innovative solution to address and overcome the most pressing issues facing our city, youth, and families. For over 25 years, LLA has been a partner in the effort to help young people learn and succeed in school, as well as prepare for adulthood. This funding will help with campus improvements that will strengthen LLA's ability to support young people, prevent youth homelessness, and provide both education and workforce development opportunities.

Thank you for your continued leadership and consideration of this request.

All my best,

Dear Speaker Emerita Pelosi,

On behalf of Tipping Point Community, I am writing to express our strong support for the Community Project Funding request submitted by Life Learning Academy for its campus-wide rehabilitation project on Treasure Island.

For nearly three decades, Life Learning Academy has served some of San Francisco's most vulnerable youth—young people experiencing housing instability, disengagement from school, and other barriers to economic mobility. Through an integrated model that combines education, workforce development, housing support, and mental health services, the organization helps young people stabilize their lives and build pathways to long-term opportunity.

Tipping Point Community envisions a Bay Area where everyone has the opportunity to prosper. Life Learning Academy has been a grantee in our core portfolio since 2019, and we have seen firsthand the impact of its work in helping young people reconnect to education and employment while avoiding homelessness.

The proposed campus improvements will strengthen the organization's ability to deliver these critical services by modernizing facilities and expanding access to education and workforce development programs. These improvements will help ensure that Life Learning Academy can continue to provide safe, effective, and supportive learning environments for the youth it serves.

We respectfully urge your support for this important project and appreciate your continued leadership on issues affecting vulnerable young people and families in San Francisco.

Sincerely,
Sam Cobbs

We greatly value LLA's contribution to addressing youth homelessness, truancy and the youth mental health crisis for nearly three decades.

The California Coalition for Youth is a statewide grassroots nonprofit organization that improves and empowers the lives of youth experiencing homelessness, disconnection, and instability. Our vision is that every youth in California is connected to the services, resources, support and programs they need and Life Learning Academy is a prime example of the type of organization we exist to support.

The proposed campus improvements will strengthen the organization's ability to prevent youth homelessness by providing trajectory-shifting education and workforce development opportunities for the young people it serves.

Thank you for your enduring leadership and consideration of Life Learning Academy's request.
