

OFFICE OF THE MAYOR  
SAN FRANCISCO

DANIEL LURIE  
MAYOR

March 5<sup>th</sup>, 2026

The Honorable Nancy Pelosi  
1236 Longworth House Office Building  
Washington, DC 20515

The Honorable Adam Schiff  
112 Hart Senate Office Building  
Washington, DC 20510

**Re: Support for the San Francisco International Airport's (SFO's) Community Project Funding / Congressionally Directed Spending Request**

Dear Speaker Emerita Pelosi and Senator Schiff,

I write in support of the San Francisco International Airport's (SFO's) FY 2027 Community Project Funding / Congressionally Directed Spending Request for \$1.24 million for the Rescue Fire Engine 31 Replacement Project.

As the San Francisco Bay Area's primary airport and critical regional transportation hub serving over 54 million passengers annually, SFO is committed to maintaining a fully functional fire apparatus fleet to ensure emergency response capabilities during aircraft incidents, passenger evacuations, fuel fires, and medical emergencies. This proposed project will enable SFO to procure and replace Rescue Fire Engine 31, which is quickly approaching its 10-year lifespan as recommended by Federal Aviation Regulations Part 139 and the National Fire Protection Association.

Rescue Fire Engine 31 has a direct impact on the safety and security of SFO's operations, enhancing the airport's resiliency by protecting the safety of travelers, employees, critical infrastructure, and surrounding communities. Replacing the current Rescue Fire Engine 31 will help maintain critical response times, expand firefighting capacity, and guarantee SFO's compliance with federal aviation safety requirements.

As such, I write in support of SFO's request for funding for the Rescue Fire Engine 31 Replacement Project. Thank you for your consideration and for your continued support of San Francisco.

All my best,

A handwritten signature in black ink, appearing to read "DL", written over a horizontal line.

Daniel Lurie  
Mayor of San Francisco

**RE: Support for San Francisco International Airport Rescue Fire Engine 31 Replacement Project – FY27 THUD Appropriations**

Dear Speaker Emerita Pelosi,

We write to express our strong support for San Francisco International Airport's (SFO's) Rescue Fire Engine 31 Replacement Project to be included as a Community Project Funding (CPF) item in the Fiscal Year 2027 Transportation and Housing and Urban Development appropriations legislation.

As the San Francisco Bay Area's primary airport and a critical regional transportation hub serving over 54 million passengers annually, SFO is committed to maintaining a fully functional fire apparatus fleet to ensure rapid emergency response during aircraft incidents, passenger evacuations, fuel fires, and medical emergencies. If selected, this project will enable SFO to procure and replace Rescue Fire Engine 31, which is approaching its recommended 10-year service lifespan under Federal Aviation Regulations Part 139 and guidance from the National Fire Protection Association.

Rescue Fire Engine 31 plays a critical role in the safety and security of SFO's operations. Replacing the current engine will enhance the airport's resiliency by protecting travelers, employees, critical infrastructure, and surrounding communities. This investment will help maintain critical response times, expand firefighting capacity, and ensure SFO's continued compliance with federal aviation safety requirements.

SFO's Rescue Fire Engine 31 Replacement Project will allow the San Francisco Fire Department's Airport Division to maintain its emergency response and rescue capabilities and continue protecting the airport's travelers and workforce. We respectfully urge you to submit

Speaker Emerita Pelosi
