The Honorable Peter A. DeFazio, Chairman
The Honorable Sam Graves, Ranking Member
House Transportation & Infrastructure Committee

Dear Chairman DeFazio and Ranking Member Graves:

I am requesting funding for Embarcadero Station Platform Elevator in surface transportation reauthorization legislation.

The project sponsor for this project is Bay Area Rapid Transit (BART) and the project is located at the Embarcadero BART Station, 298 Market Street, San Francisco, CA 94111.

The funding is designated for installing a new elevator between the platform and the concourse level at the north end of the station. It will also rebuild and widen the staircases located in the north and south end of the station, as well as install additional lighting and security cameras.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: enhance access and mobility for the station, increase its capacity, and enhance customer safety.

I certify that neither I nor my immediate family has any financial interest in this project.

best regards,

NANCY PELOSI
Member of Congress
